

EASTER HAT

Make this Easter hat using just three sheets of newspaper.
It is so simple to make, and the kids will love decorating it.

Materials

3 sheets of newspaper.

PVA Craft Glue, Staples, or Hot Glue. **KEEP HOT GLUE AWAY FROM CHILDREN.**

Lots of brightly coloured things to decorate with.

To Make

With one sheet of newspaper make the band of the hat, follow the pictures below showing you how to start folding from the corner and fold diagonally all the way across. Fasten off the end with glue, tape, or staples.

Now make two more strips in the same way.

Taking one of the strips, measure it around the child's head to get the correct fitting, securing at the back with glue, tape, or a staple. Cut off any excess paper.

With the two remaining strips, make the crown of the hat, (see pictures below for full visual instructions).

The hat is now ready for the fun part – DECORATING!!

Figure 1 – fold from the corner diagonally.

Make 3 strips the same way.

Measure around the child's head to get a good fit and fasten off at the back.

MAKE THE CROWN
